

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free by mail. Address Dr. Kilmer & Co. Binghamton, N. Y. I was a miserable incurable, it appeared, for years, with stomach, liver and some slight difficulty with kidney trouble. Treated by physicians, used all patent medicines I heard of or knew of. NEWS OF KENTUCKY

Versley Told Information Concerning Matters of Current Interest to Kentuckians.

THE STATE NEWS IN A NUTSHELL

More Are Found Accurately Detailed the Happenings of the Largest Import Which Are Attracting Attention Throughout Kentucky.

Paducah, Ky., June 14.—Will Champion, prominent tie contractor, shot and killed Lee Tracey, his brother-in-law, and Tracey's lover, Grace Brown, at a camp in Lyon county. Tracey was cutting ties for Champion and had left his family and was living with the Browning woman. He was ordered by Champion to get out of camp. Tracey became angered and fired two shots from a revolver at Champion, who fired a shotgun and Tracey fell dead. The woman grabbed a revolver and raised it to shoot, when Champion discharged the other barrel of the shotgun. She dropped dead. On reaching Eddyville, Champion gave himself up.

A FREAK WELL

Kentucky Has a Singular and Mysterious Natural Curiosity.

Hopkinsville, Ky., June 11.—There is a well in Livingston county which is attracting much attention, for from its depths can be drawn three separate and distinct fluids—limestone, sulphur water and oil. The fluids can be secured in the order named and a bucket lowered into either level will be filled accordingly. This well is on the farm of J. D. Threlkeld and J. V. Hadden, near Salem, and it is 280 feet deep. The curious combination of fluids and the fact that they do not mix has puzzled the wisest chemists, to many of whom specimens of the water have been submitted. The oil especially puts everyone at a loss, for it is found at the bottom of the well and there is never the least indication of its presence on the surface.

The well and its compound waters are familiar to every citizen of Livingston and adjoining counties, while thousands of strangers who have heard of it come to see for themselves. Large amounts have been offered the owners for the well, but they turn a deaf ear to all, believing that they have the only freak of its kind in the world and that they will make more money out of it than has been offered.

KENTUCKY PHONE SUIT

Receiver Is Asked for Home Company—Row Over Rates.

Lexington, June 8.—A sensational suit asking for a receiver for the Home Telephone company of this city, capitalized at \$400,000, was filed here by Attorneys Edge and Holt of Louisville, on behalf of Keene Lutes and other patrons. The plaintiffs allege that the defendant company has raised its rates contrary to the provisions of the original charter granted in 1901 and has wrongfully and illegally declared dividends. The petition also asks that the old schedule of rates be restored, the defendant company be made to cancel its mortgage of \$300,000 to the Cleveland Trust company and to pay back to its 3,000 patrons the amount alleged to have been charged in excessive tolls approximated at \$200,000.

Date Set for Powers' Trial.

Frankfort, Ky., June 13.—Judge Rolins, appointed special judge to try Caleb Powers for alleged complicity in the murder of Senator William Goebel, has notified Judge James G. Sims, one of the defense's attorneys, that he has called a special term of the Scott county circuit court beginning July 29, at which Powers will be tried.

Night Riders at Work.

Henderson, Ky., June 8.—Several dozen tobacco beds near Jordan Springs, Ky., were scraped last night. The plants destroyed would have been sufficient to set out several hundred acres of tobacco. The work is supposed to have been done by "night riders." A note was left on the fence of Henry Bard, telling him that he must join the association within ten days or take the consequences.

Mining Town Fire-Swept.

Sergeant, Ky., June 11.—The mining town of Dooley, Wise county, Virginia, east of here, was visited by a disastrous fire. A number of residences and business houses were burned, entailing a loss of \$50,000. The family of Patrick Snodgrass had a narrow escape. Mrs. Snodgrass probably will die as a result of shock.

Corset Saved Her.

Lexington, Ky., June 12.—Corset stays saved the life of Malissa Coleman when she was cut in a free-for-all fight by Mat Lewis. Lewis used a dirk and the woman was seriously injured. The steel stays, however, prevented the blade from penetrating her abdomen deep enough to prove fatal.

Shot for Chew of Tobacco.

Prestonville, Ky., June 13.—A quarrel over a chew of tobacco led to Clarence Shoots firing three shots at Isaac Handon, all of which took effect. Handon is fatally wounded.

DIES IN COUNTY JAIL

He killed the girl and those who were witnesses against him. He became a nervous wreck immediately after arrest, necessitating postponement of trial.

CASTORIA.

The Kind You Have Always Bought

President Put in a Full Day.

Norfolk, Va., June 10.—President Roosevelt was at the Jamestown exposition again today. He delivered two addresses and took part in the celebration of Georgia day. After reviewing the fleet of American and foreign war vessels, he delivered his first address from the grandstand. A military and naval parade followed, after which the president visited the negro exhibit and the Georgia building, where he was given a reception by the women commissioners. He then addressed the National Editorial Association and late in the afternoon returned to Washington.

He Fired the Stick.

"I have fired the walking-stick I've carried over 40 years, an account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., by Severs Drug Co., 25c.

Cincinnati, June 8.—An investigation of the relations of the railroads and the postoffice department by order of President Roosevelt which has already caused a saving to the government of more than two million dollars, is declared to be now under way, in an article in a local newspaper. The article says:

"Thirty-two postoffice inspectors of the United States the shrewdest in the service of Uncle Sam, are at work on a case of alleged conspiracy of certain of the railroads with the postoffice department of the United States.

"Four of those inspectors were in Cincinnati Thursday. They are not all still here, and in fact none of them may be here at this moment, but they are likely to reappear any day and to be reinforced when they do return. That they held a conference with post-office inspector in charge, Holmes, at Cincinnati, is also known.

"What railroads are involved in the allegations is not stated. In brief the facts are known, but the evidence is not at hand. The order to investigate is said to have gone out from the White House direct.

"Thus far the search for evidence has not yielded much fruit. It is being conducted with great secrecy, and the least misstep might cause an upheaval to see who was responsible.

"The inquiry has been going on for months. In fact since last December. One postoffice division has charge of the disbursement of \$90,000,000 annually, and enough has been learned in the investigation to save the United States \$2,000,000 a year. The money goes to all the sources of mail receipts, but the alleged conspiracy, from whatever department, is said to have been with certain railroads. It is in connection with the payments for the handling of the mails."

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerveine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nerveine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."

H. C. CUNNINGHAM,
108 Ellsworth Ave., Allegheny, Pa.

Dr. Miles' Nerveine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
